

Finally, in the course of authorizing this Memorial, Congress asked the American people to support the project through voluntary donations. They certainly responded. The memorial fund-raising campaign, under the leadership of Senator Bob Dole and Frederick W. Smith, Chairman and CEO of FedEx Corporation, received financial support from half a million individual Americans, hundreds of corporations and foundations, dozens of civic, fraternal and professional organizations, 48 state legislatures, 1,100 schools, and more than 450 veterans groups representing 11 million veterans providing the funds necessary to construct the Memorial.

I would like to thank my fellow World War II veterans Senator INOUE, Senator THURMOND, and Senator HOLLINGS for joining me in this amendment. I would also like to thank Senator THOMPSON, Senator MURKOWSKI, Senator BINGAMAN, and Senator THOMAS for their co-sponsorship and for their hard work on this important legislation. I also want to thank the sponsor of this legislation, Congressman STUMP, for all of his work and dedication to insure that World War II veterans will see the monument to their service. It is my hope that the House will act quickly on Congressman STUMP's bill with our amendment. With this legislation, we will ensure that the Memorial is created within the lifetimes of a significant number of those we honor.●

Mr. WARNER. Mr. President, I ask unanimous consent that the amendment be agreed to and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 745) was agreed to.

Mr. WARNER. Mr. President, I ask unanimous consent the bill, as amended, be advanced to third reading and passed, the motion to reconsider be laid upon the table, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 1696), as amended, was considered read the third time and passed.

Mr. KERRY. Mr. President, the Senate today passed H.R. 1696, legislation authorizing expeditious construction of the World War II Memorial at the Rainbow Pool site on the National Mall in a manner consistent with previously approved plans, but "subject to design modifications" that may subsequently be approved by the National Capital Planning Commission and the Commission of Fine Arts under the Commemorative Works Act. In rejecting the original House bill in favor of this legislation, the Senate today recognizes that appropriate modifications to the design may be warranted. The bill permits the National Capital Planning Commission to proceed with its plans to view an on-site mock-up of the memorial and to consider modifications

to the design that will ensure that the memorial respects the open, historic character of the Mall, that significant vistas are not obstructed, and that the height and mass of this memorial are appropriate for the site. Consistent with this legislation, such modifications ought to be expeditiously considered and approved by the National Capital Planning Commission and the Commission of Fine Arts so that construction of the memorial may proceed without undue delay.

#### ECSTASY EXPLOSION

Mr. GRASSLEY. Mr. President, in March I held a hearing on the growing threat of Ecstasy use in America. For a long time we've been hearing that the Ecstasy problem is coming. Well, it's arrived. We heard some disturbing news at this hearing. We heard firsthand testimony from two former users how this "feel-good" drug ruined their lives and almost killed them. It's clear to me that this drug is destroying families and lives. Ecstasy, like all drug use, is a serious challenge facing our country.

Ecstasy is a synthetic stimulant. It is called a club drug because it is most commonly used at parties and all-night dance clubs called raves. Its use by youth to enhance the experience of the music and the dancing in clubs, has become very popular. Because it is marketed in clubs, most users are young, as well as most sellers.

At the hearing in March, the White House released the latest Pulse Check report that outlined the recent trends in Ecstasy use. This report confirmed that most users are children and young adults. These drugs are clearly targeted at youths. Ecstasy is found primarily in pill form and manufacturers put cartoons and flashy corporate logos on the pills to make them more appealing.

Ecstasy use is spreading around the country and is affecting all areas. The Pulse Check report shows that both rural and urban areas are experiencing an Ecstasy explosion. In fact, 18 of the 20 cities in the report labeled Ecstasy as an emerging drug. This isn't the drug of the big city anymore, it is now in hometown America.

As the demand is increasing, the availability of Ecstasy is increasing too. The report shows that widespread usage and availability increased dramatically over the past year. Ninety percent of all drug treatment and law enforcement experts say that Ecstasy is readily accessible. If we continue to allow easy access to this drug at clubs and in schools, then this problem will just get worse.

One of the greatest dangers of Ecstasy is how it is used. The report stated that Ecstasy is losing its purity and is now commonly adulterated with other, even more dangerous drugs, such as heroin and amphetamines. Users usually don't know the level of the drug they are taking and will overdose

easily. And at parties and dances, Ecstasy is most often taken with several other drugs, most commonly alcohol, but also LSD, marijuana, and cocaine. This deadly cocktail of drugs is making ambulances at clubs an all too common sight. These ambulances, that are now shuttling more unconscious youth than ever before from nightclubs to hospital emergency rooms, are often private ambulances that are hired by the nightclubs themselves. They wait outside the clubs until someone overdoses from the use of Ecstasy, thus bypassing 911 and the attention of the police. My outrage with this practice is heightened by the low level of care and lack of advanced life support that these ambulance crews provide at such dangerous moments. Many youth are not safely making it to hospital emergency rooms.

The situation is becoming an emergency. We need to make it clear to today's youth that this drug is very dangerous and that using it carries heavy consequences. This drug rips apart families and ruins lives at a very young age. Many youth start using this drug before they are old enough to fully grasp the results of their actions. We need to educate our youth and crack down on sellers to combat the increasing availability of this drug. We cannot let this attack on our Nation's youth go unchecked.

#### LOCAL LAW ENFORCEMENT ACT OF 2001

Mr. SMITH of Oregon. Mr. President, I rise today to speak about hate crimes legislation I introduced with Senator KENNEDY last month. The Local Law Enforcement Act of 2001 would add new categories to current hate crimes legislation sending a signal that violence of any kind is unacceptable in our society.

I would like to describe a heinous crime that occurred March 1, 2000 in Salt Lake City, Utah. Two defendants pleaded guilty to misdemeanor assault charges for their part in a 45-minute crime spree that began outside a gay bar. During the crime spree, two people were beaten and three others terrorized. "Are you a faggot?" one of the defendants yelled. "He is a faggot!" another replied as they chased the first victim to his car and pounded on his vehicle until the victim was able to escape to call the police. Later, the defendants yelled anti-gay slurs and threw beer bottles at another car that had two men in it. Forty-five minutes after the initial attack, the defendants waited outside the gay bar and beat two men who had just exited the bar. One of the defendants told the arresting officer they were "just out for a good time."

I believe that government's first duty is to defend its citizens, to defend them against the harms that come out of hate. The Local Law Enforcement Enhancement Act of 2001 is now a symbol that can become substance. I believe
